Subject: Division of Oil, Gas and Mining, (DOGM) Request to Change Certificate of Deposit Titling, \$5000.00 and \$7000.00 and Reclamation Contract Requirements, The Bug House, ML 27618 and Fossil Lease 26068-A Mines, S/025/025 and S/027/012, Kane and Millard Counties, Utah

Dear Mr. Crapo:

Due to a Memorandum Agreement between SITLA and DOGM, the administration of reclamation surety bonds has been transferred to the Division. Since The Bug House has two certificate(s) of deposit in the amount of \$5,000.00 and \$7000.00 as reclamation surety, it is necessary to take the following action in order to change the titling of the certificate(s) of deposit from SITLA to DOGM:

- Contact the Division Bonding Coordinator, Beth Ericksen, (801) 538-5318, and provide account detail pertaining the CD (i.e. account number, branch and telephone number);
- Contact the bank that is holding the CD and advise them a titling change is required. Obtain a bank contact person (i.e. manager) who can work directly with Beth Ericksen to make the necessary changes to the CD account;
- If the terms of the CD do not allow a title change, obtain information regarding the specific terms of the CD and provide the information to Beth Ericksen or have the bank contact provide the information. Other requirements may be necessary and will be discussed if titling cannot be changed.

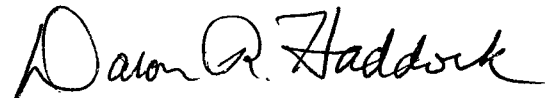

In addition, a reclamation surety contract is enclosed for your notarized signature. Please complete the missing information contained in the fact sheet, sign, notarize and return the original to the Division, attention Minerals Regulatory Program.

As a reminder, the deadline to complete this process (approved reclamation surety and reclamation contract) is December 8, 2006
